anjalisharmabarh28@gmail.com

SKILLS

☐ Front-end: HTML, CSS, JavaScript, React.js..
☐ Back-end: Node.js, Express.js, REST APIs.
☐ Database: MongoDB, MySQL.
☐ Tools: Git, GitHub, VS Code.
☐ Other: Responsive Design, Problem-Solving, Teamwork.

EDUCATION

Matriculation from **St. Joseph's Convent Girls School** (2021-2022 session).

Higher Secondary from **ANS College, Patliputra University** (2021-2023 session).

Pursuing **BCA (Bachelor of Computer Applications)** from **ANS College, Patliputra University**

PROFILE

Versatile and motivated Full-Stack Developer with a solid understanding of both front-end and back-end technologies. Proficient in creating responsive, user-friendly interfaces while ensuring robust server-side logic and seamless database integration. Passionate about delivering efficient, scalable, and innovative web solutions that meet user needs and business goals.

EXPERIENCE

As a passionate developer, I have successfully completed academic projects that highlight my technical abilities and creativity. One such project was a responsive portfolio website built using HTML, CSS, and JavaScript, which effectively showcased my skills and achievements. Additionally, I designed an interactive e-commerce prototype featuring dynamic product listings. This project involved utilizing React.js for the front-end development, Node.js for back-end operations, and MongoDB for database management, demonstrating my full-stack development capabilities. Beyond my projects.

     I am dedicated to continuously learning and enhancing my skills. Through online courses and coding challenges, I have gained practical knowledge of modern web technologies and best practices, which I am eager to apply in a professional setting.

Hobbies:
- Traveling to explore new places and cultures.
- Reading for knowledge and inspiration.
